I Been here long before you were born  
I will carry on after you are gone  
Casting Shadows, eating minds  
Death surrounds me yet I survive  
Stab your back when you turn  
Ill salt your wounds and make you burn  
Bend your soul until you crack  
I am King Kong and I'm on your back

Fatal Fury  
Fatal Fury  
Fatal Fury  
Fatal Fury

Run head first plow into me  
I'll bait your fate with dependency  
Drown in my grip until your lungs are full  
Locked in my plug and I'm about to pull  
Rip you to shreds with hypodermic hook  
Tomorrow is fiction and I'll close the book  
Cleans your soul until it rust  
It crashes to ashes trust to dust

Fatal Fury  
Fatal Fury  
Fatal Fury  
Fatal Fury

Just when they thought they knew the answers...I change the question

Gluttony arteries have no flow  
Cartilage has holes and you're about to blow  
Inhaling cancer until it devours  
Water your cirrhosis until your pushing flowers  
Place your bet until your fortunes gone  
I'm composing melodies to your swan song

I'll write the final chapter to your final days  
Until as you're still breathing I will not go away

Fatal Fury  
Fatal Fury  
Fatal Fury  
Fatal Fury
