From the depths of alpha centauri comes to pungent ghoul
Wreck your house with its fury malicious hast to rule

Carnage Merciless creature from beyond
Vile manic where did we go wrong
Carnage Merciless creature from beyond
Vile manic where did we go wrong

Futile human weaponry cannot tame the beast
Glaring jaws of inferium comes the killing spree

Carnage Merciless creature from beyond
Vile manic where did we go wrong
Carnage Merciless creature from beyond
Vile manic where did we go wrong

Miscalculations comes the cosmic sky
Congregation of the human genocide
Be forewarned the creatures made with three eyes
Devour your limbs and leave you to die

Mutated incarnation melting your T.V
Welcome to Terror Vision now you are deceased

Carnage Merciless creature from beyond
Vile manic where did we go wrong
Carnage Merciless creature from beyond
Vile manic where did we go wrong
