Tired of channel surfing  
el camino ain't working  
monday night an i'm hurting for company  
Bummed a ride to the hideaway  
I'm the only guy in the place  
Bored silly, wasn't gonna stay  
Then she walks in, heaven sent  
And it occurs to me

Chorus:  
What a good night to be lonely  
Somebody's looking out for me  
Oh, what an opportunity  
Right out of the blue  
Is it luck or a twist of fate  
Doesn't really matter either way  
It's a good night  
A good night to be lonely

Dollars worth of quarters  
Played some songs and ordered  
One for me and one for her  
As I tipped my hat

Said that she felt restless  
Just moved here from Texas  
that's when I suggested  
Maybe she could dance with me  
She said "thought you'd never ask"

Repeat chorus

Shes following I'm leading  
Feels just like I'm dreaming

What a good night to be lonely  
Somebody's looking out for me  
Oh, what an opportunity  
Right out of the blue  
Is it luck or a twist of fate  
Doesn't really matter either way  
It's a good night, a real good night

It's a good night  
A good night to be lonely
