She let me dance real close, she let me buy the beer
So I thought I'd whisper something sexy in her ear
I might've been out of line, I might've pushed my luck
But before I had time to duck,

She hauled off and kissed me
I didn't know what hit me
I was dazed and confused
She knocked me out of my shoes
She was strong for a girl that skinny
Her lips were like honey
I swear she pucker punched me
One minute, she was dancin' with me
And she just snapped
She hauled off and kissed me

We didn't take outside, it was all right there
We were trippin' over tables and crashin' through
chairs
The bouncer came over and said, "Y'all, quit"
And I said, "She hasn't even told me she loves me yet"

She hauled off and kissed me
I didn't know what hit me
I was dazed and confused
She knocked me out of my shoes
She was strong for a girl that skinny
Her lips were like honey
Woo! I swear she pucker punched me
One minute, she was dancin' with me
And she just snapped
She hauled off and kissed me

She kept on comin' and she wouldn't stop
It spilled on out into the parking lot
We went around another couple rounds
And finally she pinned me down

Hauled off and kissed me
I didn't know what hit me
I was dazed and confused

She knocked me out of my shoes
She was strong for a girl that skinny
Her lips were like honey
Woo! I swear she pucker punched me
For one minute, she was dancin' with me
And she just snapped
She hauled off and kissed me

She hauled off and kissed me
She hauled off and kissed me
