Chorus: here comes the boom (repx6)

DMX

Verse i: here comes the boom, boomin, bouncin,
stalkin much walkin
Walk with the bouncin
Hit'em where it countsman
Hit'em like a mountain
Split'em have'em spittin up blood like a fountain
Look at me like that
We just might fight black
And if i, might end up in me takin your life black
I don't, go for the bullshit
Cause divin down , and time is just too important to be
f^ckin around,
Chump nigga, I stomp a mud hole in your face
Muthaf^cka, rip your butthole outta place
Cock the glock to your head, let off about two in it
Yea its a dirty job but I just love doin it.
