Yeah

We are the atoms of society
Serve up meat as a delicacy
Your breast-fed heads, what a thing of shame
They got you dope, shoulder the blame

Yeah

We are the pillars of society
Holding up the sign with a ceremony
Faded old minstrels and truculent kids
Let them eat cake like their granddaddies did

Yeah

If they can't eat cake, give them sugar rose
The stuff that killed the monkeys in the studio
With the stuff that stuffed the donkeys at the taxis
Bye, sleep well, cheerio

We are the atoms of society
We are the atoms of society
We are the atoms of society
We are the atoms of society

We are the atoms of society
We are the atoms of society
We are the atoms of society
We are the atoms of society

We are the atoms of society
