I'm walking proud  
Got my head held high  
I'm walking proud  
And I'll tell you why  
You're the prettiest girl  
There ever could be  
And I'm walking proud  
Cause you're walking with me

Well everybody told me  
Our love couldnt last  
They said, Shell never be true  
To a loser like you  
She's out of your class

But I'm walking proud  
Chorus

So many other guys  
Tried to steal you away  
But when they came around  
Your heart stood it's ground  
And that's why I say

I'm walking proud  
Chorus
