Ah..... Ah....

We may be big or small or black or white , eternally  
And black and white is you and me in a special light  
We may be young or old or in between ,but this much I  
know

Together we can learn to grow  
In a world that's ever turning it's back on you  
If you give it all away ,  
make it mine ,ine , ine , ine , mine  
You are desire , ev'rything you need  
I give you right or wrong  
And you are the woman that I  
base my whole existence on  
And when I get to you my  
desire is glowing in your light

These are the golden years we get to live  
we lead the way , tomorrow we can start today  
in a special light  
Love could be good or bad or in between  
but this much I learn  
Baby , you and I can learn

In a world that's rearranging it's reality  
If you give it all away  
make it mine , ine , ine , ine , mine  
You are desire , ev'rything you need  
I give you right or wrong  
And you are the woman that I  
base my whole existence on  
And when I get to you my  
desire is glowing in your light  
Ah...

And it's nice to light a fire  
when it's cold outside  
If you give it all away  
make it mine , ine , ine , ine , mine  
You are desire , ev'rything you need  
I give you right or wrong  
And you are the woman that I  
base my whole existence on  
And when I get to you my

desire is glowing in your light

(repeat last 3 lines of last verse and fade out )
