This time, I'm coming home  
I gotta say I'm sorry  
She was my one mistake  
The last one I'll ever make

I broke you down, I told you lies  
And in my way, I made you love me  
And through it all, there's gotta be  
We go through those changes with

One love is better than many  
Who cares what magic dream  
There might have been, I'm lonely for  
One love, I live without any  
Your love, the dream, make it real

This time, I'm someone else  
I'm not the one who hurt you  
You are my destiny

The love light inside of me

And who am I? If not for you  
An empty soul with no tomorrow  
Smiling eyes or starless skies  
We go through those changes with

One love is better than many  
Who cares what magic dream  
There might have been, I'm lonely for  
One love, I live without any  
Your love, the dream, make it real

Just give me  
One love is better than many  
Who cares what magic dream  
There might have been, I'm lonely for  
One love, I live without any  
Your love, the dream, make it real

Just give me  
One love
