All the love pretty baby  
I have in store for you  
All the love pretty baby  
I have in store for you  
I know you love me baby  
You know i love you too

All your lovin' i've been lovin'  
All your kissin' i've been kissin'  
All your lovin' i've been lovin'  
All your kissin' i've been kissin'  
Before i met you baby  
I didn't know what i'd been missin'

All your lovin' i've been lovin'  
All your kissin' i've been kissin'  
All your lovin' i've been lovin'  
All your kissin' i've been kissin'  
Before i met you baby  
I didn't know what i'd been missin'

All the love pretty baby  
I have in store for you  
All the love pretty baby  
I have in store for you  
I know you love me baby  
You know i love you too
