I wanna talk to you
Tell me would you like to chat
I wanna talk to you
And we can leave it at that

I wanna speak to you
Tell me what you have to say
I wanna speak to you
Every night and every day

Conversation
You can say what you like
Conversation
We can talk it all night

Why don't you speak to me
Don't you know how I feel
Why don't you speak to me
And tell me it's for real

I wanna speak to you
Of the pompitous of love
Epismetology
Is what I'm thinking of

Conversation
You can say what you like
Conversation
We can talk it all night

I wanna talk to you
Tell me would you like to chat
I wanna talk to you
And we can leave it at that

I wanna speak to you
Of the pompitous of love

We can talk it all night
