Like a horse and rider (Like a horse and rider)
Like a midnight flyer (Like a midnight flyer)
I'm coming to you, coming to you
And there's nothing pretty baby that I wouldn't rather
do

Look outside your window, look into the night
Hold on to your heart now darling, I'll be there in the
morning light

Like a horse and rider (Like a horse and rider)
Like a midnight flyer (Like a midnight flyer)
I'm coming to you, coming to you
And there's nothing pretty baby that I wouldn't rather
do

Look outside your window, look into the night
Hold on to your heart now darling, I'll be there in the
morning light
