She's a quicksilver girl
A lover of the world
She spreads her wings
And she's free

She's a quicksilver girl
A lover of the world
She's seen every branch
On the tree

Ah, ah, quicksilver girl
Ah, ah, quicksilver girl
Ah, ah, quicksilver girl
Ah, ah, quicksilver girl

Ahhhh, ahhhh, ahhhh, ahhhh
If you need a little lovin'
She'll turn on the heat
If you take a fall
She'll put you back on your feet
If you're all alone
She's someone to meet
If you need someone

She's a quicksilver girl
A lover of the world
She spreads her wings
And she's free
