Do doot do do dooo
Do doot doot do do
Do doot do do dooo
Do doot doot do do

Sittin' in a bar in San Francisco
Got no place to go
Sun is going down, man
Sun is going down

Sittin' in the bar out at the airport
Tryin' to flag a plane
Plane she won't fly
Plane she won't fly

I've been travellin' such a long, long time
Out here on this road
I've been livin' such a lonely life
Tryin' to get back home
Livin' a lonely life, tryin' to get back home

Do doot do do dooo
Do doot doot do do

I've been livin' such a lonely life
Out here on this road
I've been livin' such a lonely life
Tryin' to find a home
Tryin' to find a home
Sun is going down

Do doot do do dooo
Do doot doot do do
