Wide river  
She opens her mouth to the sea  
Singing dear, dear ocean, now  
Here is a kiss from me

And she runs like a river to the setting sun  
She runs like a river that has never been won  
She runs like a river that will always be free

Wide river  
Carry me back home  
To the place I love  
That I call my own

And we can run like a river to the setting sun  
Run like a river that has never been won  
Run like a river that will always be free

Wide river  
Do you remember me  
It was not so long ago  
That you set me free

And now I run like a river to the setting sun  
I run like a river that has never been won  
I run like a river that will always be free

Come on baby  
Let's run in circles  
Come on darling let's circle each other  
And find the love, all the love that we need

Come on baby, let's circle each other  
Well, we can do, do for each other  
I'll do for you, and you'll do for me

And we can run like a river to the setting sun  
Run like a river that has never been won  
Run like a river that will always be free

And we can run like a river to the setting sun

Run like a river that has never been won  
Run like a river that will always be free

And we can run like a river to the setting sun  
Run like a river that has never been won  
Run like a river that will always be free
