Look here, my dear  
Waste no time being insincere  
I have looked and now I am broken

Least you got your mark on me  
Hold your fire  
Find another man to admire  
Excuse me while I search for my remains

There's nothing left to give you, no, no  
You're a good girl, I probably shouldn't see you

All my love gone from me  
Let me break so easily  
'Cause you don't really know the things I've seen, I've  
seen  
I lost myself in her fire  
Got away and now I'm tired  
Well if I were you, here's what I'd do  
Stay away from me

You think a woman's touch can heal my scars  
I don't need your open arms  
You don't wanna know the things I've seen

I think it's best if you stand your ground  
If you see me, turn around  
Don't let yourself be proof of my destruction

There's nothing left to give you  
You're a good girl, I probably shouldn't see you

All my love gone from me  
Let me break so easily

'Cause you don't really know the things I've seen, I've  
seen  
I lost myself in her fire  
Got away and now I'm tired  
Well if I were you, here's what I'd do  
Stay away from me

And every word that you never said  
Is best kept inside of you instead  
I know that you want more

But there's nothing I can do to compromise  
So much more than you have realized  
I'm broke and out of mind  
Don't waste your time  
I don't know who I am without her still  
Without her still

All my love gone from me  
Let me break so easily  
'Cause you don't really know the things I've seen, I  
have seen  
I lost myself in her fire  
Got away and now I'm tired  
Well if I were you, here's what I'd do  
Stay away from me

Stay away from me  
Stay away from me  
Away from me

Hold your fire  
Hold your fire  
Hold your fire  
Hold your fire  
Stay away from me
