Little Sally Waters sitting in the sun
Trying to find her love
The one & only one
Rise Sally rise
Open up your eyes
Look to the east
Look to the west
Maybe you'll find the one that you love best

Little Sally Waters
Sitting in the saucer
Turn to the east
Sally!
Turn to the west
Sally!
Then turn right to the one
You'll think can play the best

Though it's much too early
Let's try Mr. Hurley
Get with a glide
We're all on your side
Just blow that trumpet
And we'll all go for a ride

Texas horn is aces
Kills at fifty paces
Tex really glides
Anytime he tries
But just like Chesterfield
He always satisfies

Here comes Mr. Miller
He's a killer diller
Slide Miller slide
Cut it high & wide
Forget your conscious
And let rhythm be your guide

Little Sally Water
Tell us what you watered

Who was the best?
You'd have never guessed
You all were swell but
We still like the whole band best

Little Sally Waters
Just sitting in the sun
Trying to find her love
The one & only one
Rise Sally Rise
And open up your eyes
Look to the east
Look to the west
Stop! Look! Listen!
Sally, maybe you'll find the one that you love best
