She had the greatest body I've ever seen
The personality of a brick
Lookin' so fine thinkin' you're all that
Too bad your damn head is so thick
We're broke up, its best that way
I guess its time to go.
Before you leave, there's just one thing
That darlin, you should know...

I hate your guts you slut whore bitch
And I've seen a better head on a beer
So take your head out of your ass
And get your ass on outta here.
No offense darlin, don't take this wrong
But damn you ain't no fun.
Lovin' you is the dumbest thing I've ever fuckin done.

I tried to show you that I loved you,
Why'd you have to be so mean?
Guess there's something to that rumor
bout you and the football team.
But we're broke up, its best that way.
And I guess it's time to go,
Before you leave, there's just one thing
That darlin, you should know.

I hate your guts you slut whore bitch
And I've seen a better head on a beer
So take your head out of your ass
And get your ass on outta here.
No offense darlin, don't take this wrong
But damn you ain't no fun.
Lovin' you is the dumbest thing I've ever fuckin done.

Lovin you is the dumbest thing I've ever fuckin done.
