He's got dreams today,  
Bigger than anything that can get in his way.  
He's got a song to sing,  
Gonna tell the world all about this girl who wears his  
ring.

When you gonna grow up  
And turn that radio down?  
When you gonna realize  
She needs you around?  
What you need, you've already found.  
When you gonna grow up  
And turn that radio down?

He's spent years on the road.  
Traveled from town to town 'til his story's told.  
Often his and he writes.  
Following any sunset, any road, at any time.

When you gonna grow up  
And turn that radio down?  
When you gonna realize  
She needs you around?  
What you need, you've already found.  
When you gonna grow up  
And turn that radio down?

He's been gone for such a long long time.  
She walks that cold floor,  
He's crossed that line.  
The phone rings out  
"Baby I'm comin home soon.  
Tonight I ain't gonna sing no lonesome tunes."

When you gonna grow up  
And turn that radio down?  
When you gonna realize  
She needs you around?  
What you need, you've already found.  
When you gonna grow up  
And turn that radio down?

Yeah, when you gonna grow up  
And turn that radio down?
