See me in the... pretty chicks around me! (x5)

Walk in the ring no id,
Pop up champagne, yeah,
Yeah I like her, , she likes me,
But no how I feel,
I'm a good look she could tell that,
,chicks at the bar know who you are,
Keys in my pocket I'm playing with my card.
She got.. like a movie star,
We could make a movie in the back of the car.
.. I had a black list, and a matching..
..stop teasing, you ain't gotta leave him!
She's creeping, her and a few friends
We're getting drunk in the club every weekend.

See me in the... pretty chicks around me! (x5)

I'm surrounded by pretty women,
..champagne is who I'm sipping.
I love that, her body futile whenever I touch that!
,face so pretty, the back was so fat,
Brand new tats, sewed on her back,
Belly bottom,.. to match
..feeling that gap,
Sipping champagne she sat on my lap
..and told me smack that,
..grab that, jumped in a black cab!
...back to the, I'll play you a smash that,
You see me chilling whenever the,
A girl is no attracted to that and that's why:

See me in the... pretty chicks around me! (x5)
