I don't know much about history
Don't know much biology
Don't know much about the science books
Don't know much about the French I took

All I do know is I love you
And I wonder if you love me too
What a wonderful world this could be

I don't know much about geography
Don't know much trigonometry
Don't know much about algebra
Don't know what a slide rule is for

But I do know one and one is two
And I wonder if you love me too
Oh, what a wonderful world this could be

Now I don't claim to be an 'A' student
But that's what I'm trying to be
But by being an 'A' student, baby
I could win your love for me

I don't know much about history
I don't know much about biology
I don't know much about the science book
I don't know much about the French I took

All I know is that I love you
And I wonder if you love me too
Oh, what a wonderful world this could be

All I know is that I love you
And I wonder if you love me too
Oh, what a wonderful world this could be

It's a wonderful world
It's a wonderful world
It's a wonderful world
What a wonderful world
What a wonderful world
