Is there another place to go?  
One that would never hurt to know.  
As for the never-ending race.  
I'm sick of running at this pace.  
And as I'm falling to the floor  
I see a face I've seen before  
It's no surprise she turns the other way to me.  
Oh, listen, listen to this song tonight.

Let's dedicate this to the dreamers (fall away).  
Because the dreamers are letting go tonight.  
Let's send this out to the believers (fall away)  
Because believers are sealing souls tonight.

If I'm driving at night, you'll know  
You're sending shivers through me like early winter  
snow.  
And when you, when you speak  
It somehow seems complete.  
I must remember what I know.  
That time is going by so slow.  
It couldn't ever be  
as trivial as what it always seems to me.

If I leave, will you still see my face?  
Tell me now, that I'm losing my place.  
Will you still see my face?
