All along I've tried to erase this pain,
I persevere but it's always the same,
Afterall, that's how I'm told you are meant to feel,
But I refuse to believe this is real

Listening to the sound of surrenderâ€¦!

So many times, I'm lying awake at night,
Still searching for your face in the pale moonlight,
A vacancy is looking back with a hollow glare,
I realize you were never there.

Listening to the sound of surrenderâ€¦!
Listen to the sound

I don't know where to begin,
I've searched, I'm digging within,
All that I need is to be there standing by your side
If I could just hear you speak
I feel the tears roll down your cheek
Forever searching for a way to turn back timeâ€¦!

Once again, this pain has taken me in
With open arms, and a tender kiss
All alone, I've wondered what I've done wrong to feel
this way,
It seems it's always the same..

Listening to the sound of surrenderâ€¦!
You're here with me, your face I'll see forever

I don't know where to begin,
I've searched, I'm digging within,
All that I need is to be there standing by your side
If I could just hear you speak
I feel the tears roll down your cheek
Forever searching for a way to turn back timeâ€¦!
Turn back time, I'm longing for a way to be by your side,
I wish I could begin to cleanse myself of sin
and finally walk away from this pain that's always in my
life.

I don't know where to begin,
I've searched, im digging within,
All that I need is to be there standing by your side
If I could just hear you speak
I feel the tears roll down your cheek
Forever searching for a way to turn back time€
