Sometimes when this place gets kind of empty  
Sounds of their breath fades with the light  
I think about the loveless fascination  
Under the milky way tonight

Lower the curtain down on Memphis  
Lower the curtain down all right  
I got no time for private consultation  
Under the milky way tonight

Wish I knew what you were looking for  
Might have known what you would find  
Wish I knew what you were looking for  
Might have known what you would find

And its something quite peculiar,  
Something that's shimmering and white.  
Leads you here despite your destination,  
Under the milky way tonight.

Wish I knew what you were looking for.  
Might have known what you would find.  
Wish I knew what you were looking for.  
Might have known what you would find.

Under the milky way tonight
