IN ESTONIAN:

Ka siis, kui laternate merevaigu karda ere valgus
varvib sinust helendama kaÄ,Ämik, on miski sust must
nagu sasi. Siis see, mis toob su huulilt suule punast
varvi maitse, see ongi sinu tuhast taÄ,Ämusu katte
jaÄ,Ämudnud algus, see ongi sinu ultramelanhool.

IN ENGLISH:

Even when the amber-colored light of lanterns paints
everything in you glowing, something of you is black
like coal. Then that, which brings a red taste from your
lips to your mouth is the finally arrived beginning of
your rising from the ashes, that is your
ultramelancholy.
