This blood
Is not as strange as all the buzz
It's sympathy from up above
Soakin' us in blood
And we learn the hard way
What's that in your eye?
You have been fantasizin'
Possibilities
Ways of getting to me
You're getting to me
Since I was a baby
I have always been this way
Well, I can see it comin'
From a billion miles away
Comin', comin'
There was [Incomprehensible]
But no one's empathizin'
I bring them to their knees
Bring all the heads to me
Oh, bring all their heads to me
Since I was a baby
I have always been this way
Well, I can see it comin'
From a billion miles away
Comin', comin' down
Comin', comin'
What's left of your eye?
A tear from sympathizin'
Fallin' from above
Soakin' us in blood
Soakin' us in blood
Soakin' us in blood
Since I was a baby
I have always been this way
Well, I can see it comin'
From a billion miles away
Since I was a baby
I have always been this way
Well, I can see it comin'
From a billion miles away
Comin', comin'

Comin', comin'
Comin'
This blood
Is not as strange as all the buzz
We learn the hard way
We learn the hard way
We learn the hard way
