Oh, it happened at the same time  
It happened just the one time  
It happened to us  
It happened at the same time  
It happened just the one time  
It happened to us  
Pressed down, pressed down  
Shakin' together  
Ooh, pressed down, pressed down  
Shakin' together  
Ooh, pressed down, pressed down  
Shakin' over us  
Oh, it happened at the same time  
It happened just the one time  
It happened to us  
Pressed down, pressed down  
Shakin' together  
Ooh, pressed down, pressed down  
Shakin' together  
Ooh, pressed down, pressed down  
Shakin' together  
Ooh, pressed down, pressed down  
Shakin' over us  
I'm only one  
I'm only one  
I'm only one  
I'm only one
