What the hell did just happen here?
I'm fallin' out, I'm fallin' out
Her favorite since yesteryear
There ain't no doubt, doubt about it
What's the word I'm lookin' for?
It starts with M, ends with Y
Come with me and I'm out the door
I can't let you see, see me cry
What's the deal of taggin' along with me?
I know I'm lost
What's the word I'm lookin' for?
It starts with M, ends with Y
Come with me and I'm out the door
I can't let you see, see me cry
Hear me cry [Incomprehensible]
I know I'm lost
What's the deal of taggin' along with me?
When I know I'm lost
I thought you'd never say we're lost
I thought you'd never say we're lost
I thought you'd never say we're lost
I thought you'd never say we're lost
I can't let you see, see me cry
So I'm marchin' out, I'm marchin' out
What starts with M, ends with Y
Tell me all, tell me about it
We gotto know what happened here
And what the hell we're lookin' for
I been searchin' since yesteryear
House to house, door to door
House to house, door to door
House to house, door to door
