its a long long way from where i am to where i oughta  
be

I cant remember where i made this turn into no mans  
land as far as i can see

Stranded beaten and broken down and only one way  
from this place

I always find the strength i need in the arms of my  
angel and my saving grace

Chorus:

And i aint sure how you carry me through the darkest  
hours so easily

I aint sure how you carry this load

Down a hundred miles of bad road

I handed you what was left of me prayin it would be  
enough

This black and blue of a worn out heart was empty til  
you filled it up with your love

Chorus:

And i aint sure how you carry me through the darkest  
hours so easily

I aint sure how you carry this load

Down a hundred miles of bad road

Bridge:

Is all ill ever see

If theres an easier path to take it aint shown itself to me  
but the burden lain is heavy as it used to be

Chorus:

And i aint sure how you carry me through the darkest  
hours so easily

I aint sure how you carry this load

And i aint sure how you carry me through the darkest  
hours so easily

I aint sure how you carry this load

Down a hundred miles of bad road

down a hundred miles of bad road

down a hundred miles of bad road
