I packed my bag, I picked a fight  
I left for good just the other night  
I don't feel light like I thought it would  
I can't go home like I wished I could

'Cause something's up, I can tell  
She's takin' my leaving just a little too well  
She ain't been sufferin' by herself, since I've been gone  
Yeah, my baby's got a brand new something goin' on

I get dressed up, I go downtown  
I do my best just to track her down  
Our old friends, Lord they don't say much  
She's out of town and she's out of touch

'Cause something's up, I can tell  
She's takin' my leaving just a little too well  
She ain't been sufferin' by herself, since I've been gone  
Yeah, my baby's got a brand new something goin' on

Ain't no note, ain't no news  
Ain't no clothes and there ain't no shoes  
There ain't no car left in the drive  
There ain't woman livin' here tonight

'Cause something's up, I can tell  
She's takin' my leaving just a little too well  
She ain't been sufferin' by herself, since I've been gone  
Oh, my baby's got a brand new something goin' on

Something's up, I can tell  
She's takin' my leaving just a little too well  
She ain't been sufferin' by herself, since I've been gone  
Oh, my baby's got a brand new something  
Yo, my baby's got a brand new something goin' on

Here she comes  
Ha, there she goes
