(Austin Cunningham/Hillary Lindsey)

The cool grass of the river bank
We were lying there, we were soaking wet
Feeling things we'd never felt
We were jumping in deep as we could get
That night, that night
The moon so bright
Your touch, your kiss
Let's keep it lie this

I wanna grow young with you baby
and cheat ol' Father Time
I wanna grow young with you baby
Make sure that sun keeps shinin'
On those crazy barefoot love-sick kids
With fearless hearts and souls
I wanna grow young with you baby
Too young to ever grow old

I'm not afraid to let the years roll past
'Cause every day with you i feel more alive
It's a state of heart and state of mind
At this rate we may never die
I think this works
Let's drive in reverse
Back to those days
Those sweet summer days

I wanna grow young with you baby
and cheat ol' Father Time
I wanna grow young with you baby
Make sure that sun keeps shinin'
On those crazy barefoot love-sick kids
With fearless hearts and souls
I wanna grow young with you baby
Too young to ever grow old

No fear, no rules
We'll be love's fools
Just like we were that night
The moon so bright

We took the chance
We danced the dance
Your touch, your kiss
Let's keep it like this

I wanna grow young with you baby
and cheat ol' Father Time
I wanna grow young with you baby
Make sure that sun keeps shinin'
On those crazy barefoot love-sick kids
With fearless hearts and souls
I wanna grow young with you baby
Too young to ever grow old

I wanna grow young with you baby
Come on and run with me baby
I wanna grow young with you baby
Too young to ever grow old
