Way before i was born  
The lord had thought of me  
Before i knew about Heartaches  
My whole life he could see  
Before i knew about Him  
He called me by my name  
And he did all of that  
For someone like me

I used to think i was somebody  
When i played this old guitar  
But he filled me with his sweet love  
And in his eyes now im a star  
Yet he loved me for whats inside  
And thats the way he'll always be  
Yeah and he did all of that  
For someone Like Me

Well i dont really know  
If i could die for someone  
But i know I couldnt stand there  
And watch those people kill my son  
So maybe Lord had took some time  
And now i finally see  
That you did all of that  
For someone like me

Yeah you did all of that  
For someone just like oh just like yeah just like me
