If you wanna complain
Call somebody else
But if you want some champagne
Take me off of your shelf

Uncork your mind
'cause it could be so fine
When it's a beautiful day

If you want to behave
Like a ten year old
That's okay by me
Sometimes you gotta be bold

Uncork your mind
'cause it could be so fine
When it's a beautiful day
We could steppin' out today
Alright, okay, okay, alright, okay, alright
Until there's no one left
If you come back
And it's a beautiful day

If you wanna stay in
When it's sunny outside
I'll be your sandy beach
I'll be your personal tide

Uncork your mind
'cause it could be so fine
When it's a beautiful day
