A lightning flash across the sky
I'm lookin' in your hazel eyes
I'm lookin' for somethin'
But I can't find it

Forgot my name, I fell from grace
I been gone so long, I don't know this place
Don't know anyone
I don't know your face

It's an inkblot world; a Rorschach test
You make your way; you try the best you can
You remind me who I am

We could die just sitting here
A broken heart; a wayward tear
An airplane gone astray
I intend the love, I can help but run
Where did all this fear come from?
I wonder when it will leave me

Your fingers finger into mine
Holding hands to pass the time
'cause we can
You remind me who I am

You remind me who I am

A chest of drawers upon the porch
You're in the back like a tiki torch
You're burnin' fast; you're burnin' hot

And I been singing songs so long
And songs that sounded good alone
Aren't sounding the way I want 'em

It's an inkblot world; a Rorschach test
You make your way; you try the best you can
You remind me who I --

Your fingers finger into mine

Holding hands to pass the time
'cause we can
And you remind me who I am
