Olive green
Filing cabinets, waiting room carpets and turntable
mats
Columbia and bank lamps
Great uncle's legs and corderoys trousers
The smell of pipes, naps in the afternoon and radio
players
?? camouflage and Brenda
Spinach and grass in a mud pie
Art deco houses and ?? miners
Mussels with leeks and the sound of ?? squelching
Old sofas dragging through smelly old blocks of flats
Damp and clammy reptile houses in March
And old steam trains laden with golden syrup tins
