Red  
Color of roses, blood and riding hoods  
Passionate ?? and Spanish frocks  
Foxes and the top light of traffic lights  
Dangerous hot jam  
Smell of sirens, fire and warnings  
Red shoes, strawberries and 60's guitars  
Corvettes with velvet and insides of cinemas and  
carpets for dignitaries  
Meat counters and lips, ears and tie-dyes  
Anger, confidence and madness  
Burnt skin and running too fast down a chimney  
Ketchup spilling over red bootlaces and the work outfit  
of Santa Claus  
Tomato lipstick  
CCCP, USSR, RSVP, SWAK
