Verse 1]

I was almost head over heels

I was almeost the man of your dreams

And you almost had me sprung

You were almost my only one

[Bridge]

Just about had me hooked, 'til I had to take a second
look

Almost in love

Just about had me hooked, 'til I had to take a second
look

Almost in love

[Verse 2]

Girl you almost made me change my code

And you almost made my pockets grow hoes

Not only did you almost

Make me buy you gold

Downtown you almost make me go

[Bridge]

Just about had me hooked, 'til I had to take a second
look

Almost in love

Just about had me hooked, 'til I had to take a second
look

Almost in love

[Verse 3]

The roses we picked just yesterday

Seemed to have wilted away

And we've been on the ground

Looking for a four-leaf clover but there's been no luck

Baby I guess it's over

But we almost make it to the finished line called love

Almost and there's no need to raise our voices

Unless we're singing in harmony

But we're not 'cause there's no harmony

But we almost make it Almost

[Chorus]

Almost in love

Almost in love

Almost in love

Almost in love
