feat. Kurupt, Snoop Doggy Dogg)

[Snoop Doggy Dogg]

All I know and all I do is

D-P-G with the rest of my crew

We thru with Milken Milli Vanilli

Silly Niggaz who be rappin but they really be actin'

I'm smackin' niggaz in they face

For the 9-8

My DJ Warren G and my homeboy Nate

The game won't wait

So we paper chase

And watch out for them suckas who paper-hate

Try to drop some shit to keep you straight

Keep my niggaz on a mission

But my success, oh yes it's fresh

Here's a toast to my LB for life

You can call me when you wanna

Or can catch me in the Navigator bendin' in the corner

I representin', just like Billy Clinton

I smack a bitch for my chips and dip

For Dogg Pound Gangsta Click

[Chorus (x2):]

Don't you wanna come with me to Dogg Pound  
Gangstaville

We can give you what you need in Dogg Pound  
Gangstaville

[Nate Dogg]

Once upon a time in the land of the foolish man

There lived a man who claimed to be foldin' aces in  
hand

He played wrong once and played 'em twice

And played 'em wrong again

Now it's my turn to play the game

And I guarantee I win

Very best I have to be and I hope you understand

I got my game from Gangstaville

Eastside of Gangsta Land

[Chorus]

[Krupt]

Well you can give me half your loot, nigga

Or else I'ma shoot, nigga

I do what Gz do- I ride

I slide, I drips double 4's fool

Where's the clips

You'll find I hit your spine

And shake your hips with hollow tips

It's the modern day me

With the state of art modern day heat

Mutherfuckin' modern day G

No good for for sho good

Put this nigga on the hood

And let me put him back the fuck off

Like that, you fuckin' with the Kobe Bryant of rap

With a Mack 11 cocked back ready for sure, ready for  
war

For real enter if you will

In the land we call Dogg Pound Gangsterville

All we do is smoke and just so you know

My motto is fuck you bitch and fuck a hoe

[Chorus (x3
