

## Steve Taylor "I Want to Be a Clone"

Visit "[I Want to Be a Clone](#)" on MotoLyrics.com

I'd gone through so much other stuff  
That walking down the aisle was tough  
But now I know it's not enough, I want to be a clone  
I asked, the Lord into my heart, they said that was the  
way to start  
But now you've got to play the part, I want to be a clone

Be a clone and kiss conviction, goodnight  
Cloneliness is next to Godliness, right  
I'm grateful that they show the way 'cause I could never  
know  
The way to serve Him on my own, I want to be a clone

They told me that I'd fall away unless I followed what  
they say  
Who needs the Bible anyway, I want to be a clone  
Their language, it was new to me but Christianese got  
through to me  
Now, I can speak it fluently, I want to be a clone

Be a clone and kiss conviction, goodnight  
Cloneliness is next to Godliness, right  
I'm grateful that they show the way 'cause I could never  
know  
The way to serve Him on my own, I want to be a clone

Send in the clones, I kind of wanted to tell my friends  
And people about it, you know, what  
You're still a baby, you have to grow, give it twenty  
years or so  
'Cause if you want to be one of his you gotta act like  
one of us

Be a clone and kiss conviction, goodnight  
Cloneliness is next to Godliness, right  
I'm grateful that they show the way 'cause I could never  
know  
The way to serve Him on my own, I want to be a clone

So now I see the whole design, my church is an  
assembly line  
The parts are there, I'm feeling fine, I want to be a

clone  
I've learned enough to stay afloat but not so much, I  
rock the boat  
I'm glad they shoved it down my throat, I want to be a  
clone

Everybody must get cloned
