Everyone's got an answer  
And everyone else knows best  
But it's always easier said than done

It doesn't matter what you do  
There's also someone else who knows better than you  
Even if they've been involved at all  
In the kind of things that you do  
They can always point you in the right direction  
Give you tips and a masterclass on how to get on

Everyone's got an answer  
And everyone else knows best  
But it's always easier said than done

There are those who have verbal diarrhoea  
Some, it seems have just got not no fear  
Some are just downright dangerous  
We'd all do well to steer clear  
It's always easier than you think  
Or so the others may say  
But they're not the ones who are taking the risks  
In the cold light of day

Everyone's got an answer  
And everyone else knows best  
But it's always easier said than done

Everyone's got an answer  
And everyone else knows best  
But it's always easier said than done
