[Intro:]

People want to think that this is the Wild West ? we  
don't have any laws. What we don't have is  
enforcement of those laws.  
Senator Fumo argues tougher gun laws alone won't  
stop shootings.  
Last time I checked we had a law against murder. It  
doesn't prevent people from killing people.  
The governor, the mayor, the DA, they all want stricter  
gun laws.

[Verse 1: Beanie Sigel]

May death come to all those who cross us  
The preachers, the pastors, the deacons, coffins  
Church masses, closed caskets, Bible verses, long  
black hearses  
Long-ass gats too big for holsters, obituary posters  
getting posted  
The reaper closing in, he's getting closer  
You just fake, you blink it's over  
[? ] soldier here, SK shoulder gear, ice grill who? Hold  
that steer  
Half a clip and I hold that dear [? ] now roll that ], yeah  
You missed the list of the souls I spit  
I double-checked that you ain't on that there  
I squeeze weapons, hollow points open up like the  
cobra head  
Collapse lungs like a fold-up chair, flat line, clear

[Chorus x2: Vinnie Paz]

Kill 'em all, kill 'em all  
Kill 'em all, kill 'em all  
Kill 'em all, kill 'em all  
Kill 'em all, kill 'em all

[Verse 2: Vinnie Paz]

I rhyme like my life on the line, this fucking mic is mine  
The past burglar, the mass murderer, the viper's shrine  
A strong body could never conquer a righteous mind  
Some think it's destiny, some of you think it's Christ-  
designed

You consider what I'm doing like a magical art  
I consider what I'm doing like a stab through the heart  
My brain moves at light speed, nothing fast as my  
thought  
You might feel a slight breeze from the savage's heart  
Y'all saying Vinnie is back but Vinnie never left  
I just had these faggots hating and watching my every  
step  
Everything with Vinnie very deadly, every breath  
Everything with Vinnie very heavy, heavenly flesh  
Y'all ain't fucking with weight, I'm doing steady reps  
I'm a sell my shit and then skate like I was Kerry Getz  
I keep my biscuit right next to where my machete rest  
Everything is everything but pussy death is death

[Chorus x2]
