One less bell to answer
One less egg to fry
One less guy to look after
I should be happy but all I do is cry

(Cry, cry, no more laughter)
Oh, I should be happy
(Oh why did she go?)

I only know that since she left my life's so empty
Though I try to forget it just can't be done
Each time the doorbell rings I still run
(I still run)

I don't know how in the world
To stop thinking of her 'cause I still love her so
(Love her so)
I end each day the way I start out crying my heart out

One less guy to look after
No more laughter, no more love
Since she went, oh she went away
(She went away)

(One less bell to answer)
Why did she leave me?
(Oh why, why did she leave?)
Why did she go away?

(One less bell to answer)
All I do is cry for you baby
(Oh why, why did she leave?)
Why did you go away?

(One less bell to answer)
All I do is cry
(Oh why, why did she leave?)
Why did you go away?
(One less bell to answer)
