Instead of wasted gifts around,
Instead of losing all we have,
Instead of dreaming to a man you'll never have
You'd better breathe with me and feel...

Instead of planning and debating,
Instead of shaping my own dreams,
Instead of dreaming to a son you'll never have
You'd better breathe with me and feel...

'Cause you can buy me with a coffee,
I'm so cheap...

(4x)

You can buy me with a coffee,
I'm so cheap...

You can buy me with a coffee...

Instead of letting distance talk,
Instead of losing all we have,
Instead of dreaming to a man I'll never be
You'd better breathe with me and feel...

Instead of judging day and night,
Instead of wasted time on both sides,
Instead of guessing what the hell went wrong with me
You'd better breathe with me and feel...

'Cause you can buy me with a coffee
I'm so cheap...

(8x)

You can buy me with a coffee,
I'm so cheap...
