V1: Stop me - I swear I know your face, I've seen your face  
I can't breathe - somehow I've lost my name, forgot my way  
And you don't - have to play this game, cause you've just won  
I can't speak - and you own every move that I could make

PRE-CH: Sh-Shake it off, Sh-Shake it off

CH: I've been thinking, that maybe  
I could let everything go  
Been waiting, patiently  
You could be the escape I need  
Can we start this? I'm waiting (Sh-shake it off, Sh-shake it off)  
Can we put these thoughts to bed?

V2: Pinch me - somehow I can't wake up, can't get enough  
I feel you - when you're across the room, don't get too close  
Cause you have - no idea what I'd waste, for just one taste  
It kills me - passing hands that mean you're out of reach

PRE-CH: Sh-Shake it off, Sh-Shake it off

CH: I've been thinking, that maybe  
I could let everything go  
Been waiting, patiently  
You could be the escape I need  
Can we start this? I'm waiting (Sh-shake it off, Sh-shake it off)  
Can we put these thoughts to bed?

CH: I've been thinking, that maybe  
I could let everything go  
Been waiting, patiently

You could be the escape I need  
Can we start this? I'm waiting (Sh-shake it off, Sh-shake  
it off)

I've been thinking maybe I should  
I could let go of what I know  
I've been waiting, so impatient  
Know it's wrong, but I can't shake it
