V1: Give yourself a hand, cause you gave up on this
It was your dying wish, and still you called it quits
Take a little bow, cause you just fooled them all
You stood up just to fall, and selfishly you stalled

CH: Outside with an old ghost I saw today
I let it go, but can your memory shake me?
Got a feeling that it's all wrong, but I'm OK
I walked away but my heart's still beating

V2: Can you fit me in? I promise I won't leave
Be everything you need, I mean the words I breathe
Take a note from me, and step outside your hell
No need to change yourself, to please somebody else

CH: Outside with an old ghost I saw today
I let it go, but can your memory shake me?
Got a feeling that it's all wrong, but I'm OK
I walked away but my heart's still beating

Bridge: Spin these words around, and watch them go

CH: Outside with an old ghost I saw today
I let it go, but can your memory shake me?
Got a feeling that it's all wrong, but I'm OK
I walked away but my heart's still beating
