V1: I can't help but to feel like this, going out in search
of myself
Sorry I'm reckless and ruthless, aggressive
Can't help but to keep you guessing

CH: Come get me (come and pick me up)
Come save me (I have had enough)
I need you (need you more this time)
Come save me, Come save me

V2: It's not supposed to be like this
Counting back the steps that I took here
A thousand miles from who I used to be
All for a shot at fame

CH: Come get me (come and pick me up)
Come save me (I have had enough)
I need you (need you more this time)
Come save me, Come save me

BRIDGE: Runny makeup, help me wake up
You were always home, to me
Losing my grip, help me shake this
You were always there, for me

CH: Come get me (come and pick me up)
Come save me (I have had enough)
I need you (need you more this time)
Come save me, Come save me
