In your dreams heart shake
Love scream, minds break
Heaven's turn, rounds crack
Prayers burn, burn black

And it's all, there's beside you
It's telling dark cold
Can you feel the explosion!?
Now leave back and enjoy the show

Blitzkrieg, Blitzkrieg
Blitzkrieg, boom
Blitzkrieg, Blitzkrieg
Blitzkrieg, boom

Hope fail, death shines
Long nails, Hell's vines
Terror seek, walls fall
Addiction seek takes it all

And it's all, there's beside you
It's telling dark cold
Can you feel the explosion?
Now leave back and enjoy the show

Blitzkrieg, Blitzkrieg
Fuck the Blitzkrieg, boom
Blitzkrieg, Blitzkrieg
Fuck the Blitzkrieg, boom

This is the end now
Still your need is driven on, driven on
As we drain your life

Wounds bleed, tears ride
Demons feed, angel's eye
Father's sign, mother's weep
Children cry, crying deep

And it's all, there's beside you
It's telling dark cold

Can you feel the explosion?
Now leave back and enjoy the show

Blitzkrieg, Blitzkrieg
Fuck the Blitzkrieg, boom
Blitzkrieg, Blitzkrieg
Fuck the Blitzkrieg, boom

Fuck the world and ... God and it broke in vain

This is the end now
Still your need is driven on, driven on [x2]
As we drain your life

This is the end now
Still your need is driven on, driven on
As we drain your life
