It's two a.m. and the phone is ringing
Guess you were sound asleep
But I got something to say to you
Baby, it just won't keep
All the times I didn't mean to hurt you
Thinkin' only of me
Funny now that the tables have turned
And I'm the one who's down on my knees.

Can I come over tonight
I'm at the end of the line
When I knock on your door
Just let me in, one more time
Whether it's wrong or right
Can I come over tonight?

I'm wide awake and the rain is pourin'
Like the tears from my eyes
That night that I just walked out on you
I'm still wonderin' why
Shoulda known I can't make it without you
Now it's so easy to see
That a man can really change his ways
Even when he's been as foolish as me.

Can I come over tonight
I'm at the end of the line
When I knock on your door
Just let me in, one more time
Whether it's wrong or right
Can I come over tonight?

Give me the chance for one last one more time
You've told me what was on your heart
Let me show you what's on mine
Can I come over tonight?

I'm at the end of the line
When I knock on your door
Just let me in, one more time
Whether it's wrong or right

Can I come over tonight?...
