Six months out at sea
Be coming home soon on leave
I think of her as I stand here on the deck
Stars light the sky
Like a Kansas City night
Reflections on the water takes me back.

Chorus:
Kansas City lights
In my mind they shine so bright
She's waiting there, I've been away to long
Kansas City lights
Shine for me tonight
Watch over her for me till I get home.

No war is ever won
Find a job that must be done
It's just sometimes, it feels like no one cares
Waves are calm tonight
As I take my pen and write
Your always in my dreams and in my prayers.

Chorus
Kansas City lights
In my mind they shine so bright
She's waiting there, I've been away to long
Kansas City lights
Shine for me tonight
Watch over her for me till I get home.

--- Instrumental ---

I dream I feel the plane descending
Above the lights of Kansas City
As the plane touches down
I see her standing there right now.

Chorus
Kansas City lights
In my mind they shine so bright
She's waiting there, I've been away to long

Kansas City lights
Shine for me tonight
Watch over her for me till I get home.

She's waiting there, I've been away to long
Kansas City lights
Shine for me tonight.
Watch over her...
