All my friends say
I should leave you alone
You've got a heart like a stone
And a wandering eye

And I know that they're right
I can make up my mind
Not to see you again
But you move through my dreams
Like the wind

It's no good to pretend
It won't happen again
'Cause it'll happen again

Some fools never learn
Play with the fire and you're gonna get burned
It's only love when you're loved in return
Some fools never learn
Some fools never learn

And baby I tried
But I'm just not that strong
Yes I knew all along
But that's not enough
I was falling in love

And you don't know it
But I came over tonight
There was somebody's car parked outside

Damn my eyes
Damn this heart of mine
I drove off into the night

Some fools never learn
Play with the fire and you're gonna get burned
It's only love when you're loved in return
Some fools never learn
Some fools never learn

Somewhere in the city tonight

There's a girl and she's lonely like me
She'll be easy to see
And naturally she'll have that look in her eye

She'll be feeling that way
I see it all plain as day
Oh I'll never be
What she wants me to be
Oh but lucky for me

Some fools never learn
Play with the fire and you're gonna get burned
It's only love when you're loved in return
Some fools never learn
Some fools never learn
Some fools never learn
